

## NISTTech

### Biomarker Score and Process for Scoring

---

#### NIST Docket 15-035

#### **Abstract**

---

NIST researcher, Samantha Maragh, has invented a novel, low cost, urine-based prostate cancer screening test with the potential to lower health care costs by significantly lowering the number of men without cancer that are currently subjected to unnecessary prostate biopsies.

#### **Status of Availability**

---

This invention is available for licensing exclusively or non-exclusively in any field of use.
